As He Wrote: 'Local Boys Meet in Tokyo'

Captain J. R. Winters, 1210 El Prado st., received a letter from his son recently, who is in Tokyo Bay area. He is G. S. Winters, MOMM 3/c, aboard the USS Woodworth. Excerpts of the letter are:

"Dear Mom and Dad: Well, here I am, after 2 1/2 years I finally made Tokyo Harbor. I saw Norman today (Norman Peterson, son of Mr. and Mrs. J. L. Peterson, 1602 W. 223rd st.) and I bet I can see, or guess, what will be in the Torrance Herald soon—local boys meet in Tokyo Bay—Norm and I. Ha! Ha! (Editor's note: How right you are sailor.)"

We were in a couple of carrier strikes against Formosa and after that we were at two Jima and Okinawa, then with the third fleet off the coast of Japan. Stateside talk is that we will soon be weighing anchor for home, but you know how that stuff picks up momentum."

He ended with a very familiar note: "By the way, I'd sure like to eat one of your fresh tomato salads right now; the ones you used to make, remember?"

The next great task for humanity is not delverance by the sword, but delverance from the sword. —David Lloyd George

Lester Stanley Tells of P-T Boat Incidents

Lester Stanley, motor machinist mate, 1/c, in a letter to his parents, Mr. and Mrs. L. E.

Stanley, of 1962 Carson st., gives highlights of incidents aboard his P. T. boat when "things were still plenty hot in the Philippines, right after the first landings." In commenting on the fact that his crew had

SELECTIVE SERVICE BOARD TO OCCUPY OPA CARSON OFFICES

The U. S. Selective Service System has applied to the Board of Supervisors for the rental of the 2nd floor of the County Health Center building at 2300 Carson st. This space was occupied by the OPA, which is reported to be vacating it as of October 1 of this year. The Selective Service System indicates that this space is needed for Local Board No. 280, which must move from its present location on October 1, 1945 and is offering \$75 per month to cover the cost of light, heat and janitor service.

On motion of Supervisor Raymond V. Darby, the rental was fixed at the above amount and the leasing of the property authorized subject to submission of a lease form by the Selective Service for a period of one year, which lease is to provide for its cancellation by either party upon 30 days written notice.

Lumina Park Kept for Possible War Vet Housing

Reports received here Monday indicate that the Lumina Park trailer camp at 20210 S. Western ave., closed since Sept. 15, will be kept in a stand-by status as possible housing for war veterans and their families.

The 123 unit camp was established to house migrant workers of the Bohn Aluminum and Alcoa plants which are no longer in operation.

brought down a Jap bomber with only two shots, he says: "This is the peer of any shooting and considering that it was from the rolling deck of a P. T. it is even better. You may say this was an accident and would happen again in a thousand times—well, one night two boats beached a Jap barge. Another boat stood off to shell it and pit one round out of 25 into it. They radioed our boat to try it. This crew put every round into the barge, then they were instructed to shoot to see if they would miss. When the firing stopped it was found that not a shot had missed the target."

The Navy man was graduated from Torrance high school and was later employed as an apprentice machinist at National Supply. A veteran of many major Naval engagements he is on Pacific duty for the second time having returned here early in 1944 for a well earned leave.

Cpl. Fred Smith Relates Downing Of Nazi Plane

Cpl. Fred Smith, 1618 Cota ave., who has recently returned from the European Theatre of Operations, bedecked with many campaign medals, is now receiving medical treatment at the Birmingham General hospital in Van Nuys.

Corporal Smith received injuries during one of the final battles of Germany while in command of a half-track in General Patton's famed armored division.

One of the stories related by Corporal Smith occurred during the heated battle with a Nazi fighter plane. This plane had made a strafing attack on Smith's half-track and in the excitement of this running battle, the driver ran through a road block; Smith at the gun mount, continued to fire at the enemy craft that had now passed and made a low turn behind a house.

The corporal continued to fire at the retreating plane even after it had disappeared behind the house. "I just kept firing," he said, "at where I figured he'd zoom up, and the first thing I knew I'd shot all the roof off the house. But I got that plane when it did make its appearance," he finished.

Smith's wife is the former Maxine Smith who with her parents has lived in Torrance for many years. Cpl. Smith is employed locally during his leaves from the hospital.
